

## Luncheon Speaker:

### **Jason R. Joseph, MBA**

Senior Vice President, Information Services, Spectrum Health Delivery Systems

**Jason Joseph** is senior vice president, information services, of Spectrum Health, with responsibility for the Delivery System. [Spectrum Health](#) is a \$5 billion not-for-profit integrated health system based in West Michigan. In his role, Jason has strategic and operational responsibility for information technology services, applications, health information management (HIM) operations, biomedical equipment, and portfolio management services. Jason's focus is on ensuring Spectrum Health is leading the nation in its use and application of information and technology across all of its service lines and functions, including 12 hospitals, a multispecialty medical group with more than 1,500 physicians and advanced practice providers, and a variety of ambulatory, post-acute, and ancillary health care services.

Jason has been a member of the Spectrum Health Information Services leadership team since 2006. In various roles, he has advanced a variety of strategic priorities, including implementation of an integrated clinical and revenue cycle system, creation and growth of regional health information exchange, implementation of consumer-facing digital technologies, advancement of business intelligence and analytics capabilities, and pursuit of a culture excellence and innovation.

Prior to joining Spectrum Health, Jason was vice president, information systems and services for IdeaSphere, a manufacturer of health and wellness products. Jason began his career with Ernst & Young, LLP in its management consulting practice, where he specialized in enterprise software development and integration.

Jason holds a bachelor's degree in electrical engineering from [Western Michigan University](#) in Kalamazoo and a master's degree in business administration from the [University of Notre Dame](#) in South Bend, Indiana, where he graduated at the top of his class and received the John R. Malone Award for the highest academic performance. He also holds a certificate in healthcare project management from the [Harvard School of Public Health](#) and is a graduate of the Spectrum Health Executive Leadership Institute at the [University of Michigan Ross School of Business](#).

Jason is actively involved in several professional community organizations and serves as the board president for the [Grand Rapids Children's Museum](#). He is active in [CHIME](#) and is a member of the Health Information Technology Strategy Committee for the [Michigan Health & Hospital Association](#). Jason is also involved with the [Healthcare Information and Management Systems Society](#), the [Institute of Electrical and Electronics Engineers](#) and the [Healthcare Data & Analytics Association](#).
